

## February Outdoor Activities

Band-Aid Tag

Age Range: All Ages

Supplies: None

Set Up: None

Instructions: One person is "it." Whenever someone is tagged by "it" they must hold a Band-Aid (their hand) on the spot where they were tagged. Then the game continues. When someone runs out of band aids, (they get tagged three times), they are frozen until two other people come over to them and "operate." The two other people need to tag the frozen person at the same time and count to five. Let the game continue for as long as it remains exciting and fun. Switch the person who is "it" often.
