

## March Outdoor Activities

### Green Snake

Age Range: Kindergarten-2<sup>nd</sup> Grade

Supplies: None.

Set Up: None

Instructions: Have all the children lined up on one side of the playing area. A counselor starts in the middle. When you say the words "green snake" the kids must run from one side of the playing area to the other while the counselor is trying to tag the children. If they are tagged, they join the counselor in the middle to help tag other children. If they make it to the other side, they are safe for that round. The best way to play is to tell a story, rather than just call out "green snake." It is also a good idea to try and trick them by saying something like "green rake" or something similar. If they move when you haven't said "green snake" they are in the middle and help tag.
