

May Outdoor Activities

In the River, On the Shore

Age Range: All ages

Supplies: Chalk or Yarn

Set Up: Draw a line in the center of the playing area with chalk or lay down a piece of yarn.

Instructions: Indicate to the children that one side of the line is the “shore” and the other is the “river.” Have all the children stand on the same side of the line to begin. The leader will call out, “on the shore” and “in the river.” The players follow the commands by jumping on the side of the line that applies. The players get out if they are not listening. The leader could call out “in the shore” and “on the river” to trick the children. Any children that move to the incorrect spot are out.
