

Outdoor Activities

Big Bad Wolf

Age Range: All Ages

Supplies: Cones

Set Up: Using the cones, mark of the boundaries for the pigpens.

Instructions: On each end of the field are the pigpens. The pigpens are a place of safety for the pigs. Someone is chosen to be the Big Bad Wolf. All of the other players are the pigs and may choose either of the pig pens to hide in. The game begins when the person in the center yells, "who's afraid of the big bad wolf?" The pigs all yell, "we are!" then the pigs from both sides must run across the field to the safety of the pigpen on the other side.

The wolf will begin to chase the pigs and try and capture one. If the big bad wolf tags a pig, that pig becomes another big bad wolf. Soon there are more wolves than pigs! The last person to be caught becomes the big bad wolf for the next game.
