What Time is it Mr. Werewolf?

Age Range: All Ages

Supplies: N/A

Set Up: N/A

Instructions: Mr. Werewolf stands at one end of a playing area with his back to the villagers. The villagers all call out together, "What Time Is It Mr. Werewolf?"

Mr. Werewolf calls out a time (for example, 3 o'clock). The villagers then take the announced time steps towards the werewolf (so in this case, 3 steps). The villagers continue their asks and steps until Mr. Werewolf responds with an AARRWHOOOOO!! and it's time for those villagers to run back safely to their home base before that werewolf catches them. If anyone is caught, they become the werewolf.
